

An Open Letter to Republican Party of Florida Vice Chairman Mr. Joe Gruters

14 February 2016

Mr. Vice Chairman:

As Americans we once again find ourselves at a crossroads as a Nation. We are at this juncture by no other reason than our own. I am sending this open letter to you with the sense that if those with influence do not speak out now, we will all pay a heavy price when Liberty is lost and darkness consumes our Nation.

With Progressive elements now in control of leadership across both sides of the aisle, be cautioned that the Republican Party will either be known in history as the vehicle that solidified a National Socialist as President or we will be remembered as the people that restored our great Nation to a Constitutional Republic.

We can no longer feed our desire to "win at all costs" as Republicans and Americans with malevolent pomposity. It is time that we all begin to perform our political duties not in our own interests but based on our common American principles of Liberty.

Joe, I know you well enough to say that you are not the unprincipled shell of a man that Donald Trump is. Nor do you wish to bring harm to the name Republican. However, your position as Florida Co-Chairman of the Donald Trump for President Campaign is doing just that.

You are not the issue. Your title and how it is being viewed are the matter at hand.

I am respectfully asking that you choose between your office as Vice Chairman of the Republican Party of Florida and the position of Florida Co-Chairman with Mr. Donald Trump. The two positions create a contradiction of principle and do not allow for or give the appearance of unbiased behavior as Vice Chairman of the third largest Republican State in the Union.

I am sure that I echo a loud voice when I say that we would welcome the opportunity to have you on our side as a Party leader and as our Vice Chairman in Florida. Thank you in advance for your consideration in this matter. I will pray that you are guided to make an ethical decision that is based on the principles of American Constitutionality and one that reflects best on our Grand Old Party.

Cordially,

Eric D. Miller
